ZESTAW I

Zadanie 1 (4 minuty)

Egzaminujący:	[Proszę przekazać zestaw zdającemu.] Let's start with Task number 1. Read the task. You have about half a minute for that. Then we will start.
Zdający: 30 s	
Egzaminujący:	[Po upływie ok. 30 sekund, proszę – jeśli to konieczne – zapytać: Can we start now?]

Wynajmujesz mieszkanie razem ze swoim znajomym. Musicie ustalić reguły współżycia. Poniżej zostały podane cztery kwestie, które należy omówić z egzaminującym:

Zdający:

I am glad that we finally managed to find a common flat to live! Nevertheless, I believe we need to solve few issues that are more or less urgent for us in order to live peacefully.

- At the beginning I would like to propose that guests should come to us between 10 am and 10 pm at top. Because I need some time to sleep before my exams. In my opinion 1 to 2 guests per day is sufficient.

- I think that we should put all redundant furniture in the basement. I would like to have a sofa and small table in the living room, because this is where we are going to spend the most time. Do you agree with me?

- I would like also to propose that we will divide our responsibilities throughout the week. For example I can make cleaning in the bathroom and kitchen on Monday and Tuesday and you will take care of them by the rest of the week. While the living room is going to be cleaned by two of us. Do you think the same?

Zadanie 2 (3 minuty)

<p>Egzaminujący:</p>	<p>Describe the picture. [Po upływie ok. 10 sekund, proszę – jeśli to konieczne – zapytać: Can you start now?]</p>
<p>Zdający: 1 min</p>	
<p>Egzaminujący:</p>	<p>Thank you. I will now ask you three questions.</p> <ol style="list-style-type: none"> 1. What is the woman probably telling the children? (Why?) 2. Why those people eat the meal together? 3. Tell me about a big dinner you have had with your family in the past.
<p>Zdający: 2 min</p>	
<p>Egzaminujący:</p>	<p>Thank you. Let's move on to Task 3</p> <p>[Jeżeli zdający rezygnuje z wykonania zadania: Thank you. This is the end of the exam.]</p>

In the picture I can see four people eating together a meal. This is probably a family celebrating some occasion in the restaurant. I can see that this is the first meal and they are eating soups. The parents are drinking probably wine, while the children have, I assume, orange juice. This might be an expensive restaurant, because tables are covered with white cloth.

1. I can only guess that the woman asks children to eat slowly, because the soup is extremely hot.
2. I think they are family members that are celebrating some occasion in the restaurant. I am guessing that it might be a birthday of someone or an anniversary, because they are all elegantly dressed.

3. I remember that the last time we had a big dinner in our family it was my grandparent's anniversary of wedding. The whole family met in an elegant restaurant, where we were served by a professional cook. We ate sea foods along with regional delicacies.

Egzaminujący:	Read the task and think about what you'd like to say. You have about a minute to prepare.
Zdający: 1 min	
Egzaminujący:	Po upływie ok.minuty, proszę – jeśli to konieczne – zapytać: Can you start now?]
Zdający: 2 min	
Egzaminujący:	Thank you. I will now ask you two questions. 1. Is the way we eat as important as what we eat? (Why? / Why not?) 2. Why are there more and more fat people in the world?

I am choosing the second poster, because it is more figurative and remarkable. In this picture we can see an apple that was depicted as a hamburger, which is associated commonly with unhealthy food and fast-foods. The first picture is very common and in my opinion is not innovative. I think the second one would be interesting and catchy for most people.

1. In my opinion it is enormously important to eat slowly instead in a rush. Because we can digest better our food, when we sit before the table. I also eat food while I am walking and I am not feeling good because of that.

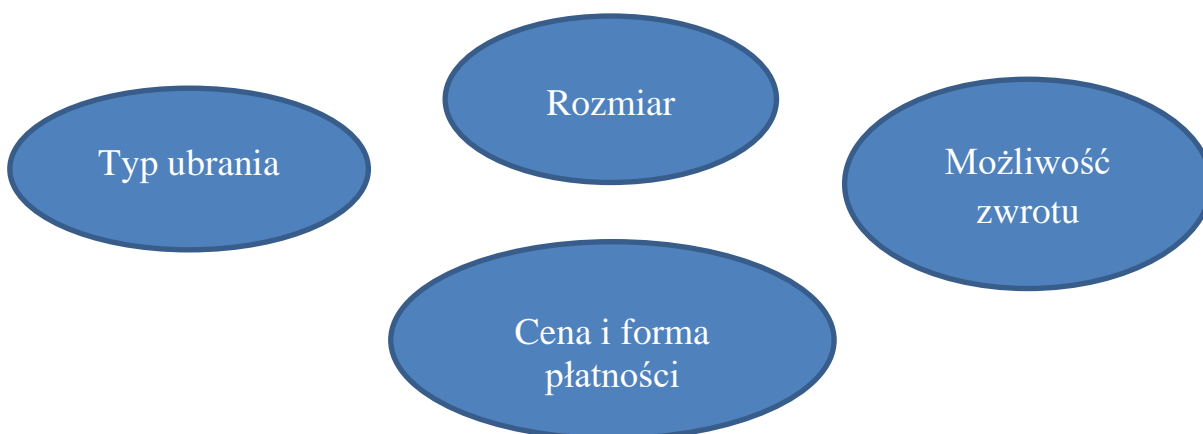

2. This is both important what we eat and when we eat. I think people need to stick to rules that are propagated by the National Institutes of Health. Thanks to this we might live longer and healthier.

What was your holiday job like? If you have not had any holiday job, describe any kind of work that you had with your parents or friends.
Zdający: 2 min	
Egzaminujący:	Thank you. Let's move on to Task 3

[Jeżeli zdający rezygnuje z wykonania zadania:
Thank you. This is the end of the exam.]

In this picture I can see a group of 5 people, who are working probably on some project. I think they are coworkers, because I can see office equipments, like keyboard, computer, office board. They are dressed like young businessmen and there is a cup of coffee, so it has to be a work environment. We can observed that this man is explaining something on the graph and the rest is listening.

- I think they like their job, because they are listening with curiosity and attention. I can even probably notice a small smile on their faces! Don't think so?

- I would like to have a job that I like, because this is an activity in life that takes around one third of our lifetime. I believe that I am able to make up money by other activities, like for example part-time job on the weekend as a pool rescuer.

- During the last summer I worked as a waiter in a local bar. I think this is a good job for summer because of tips and contact with a lot of people.

<p>Egzaminujący:</p>	<p>Thank you. I will now ask you two questions.</p> <p>1. Do you think it is important to follow certain diet? 2. Is generally modified food a serious threat?</p>

In this kind of occasion I would choose to serve pizza, because this is the kind of food that everybody likes. There is a general saying that even a bad pizza is still good. I believe that people could be hungry after the whole day and it would be nice to treat them with a good meal.

Not everybody can be after sweets, especially if somebody does not digest sugar so well. And sandwiches are much more time-consuming in preparation. This is why pizza is the best option in my opinion.

- To answer for your question, I would like to take my example. I am eating enormous portions and mostly in 3 hour periods. Although, I care to avoid fast-foods and sweets, because I feel much better and more energetic when I am eating not processed food (especially the green one).

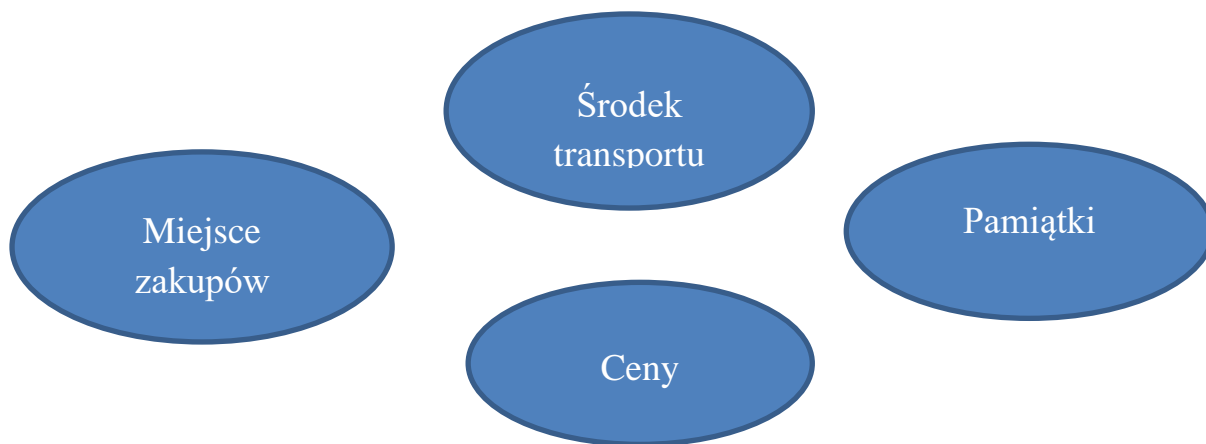

- I do not think that modified food is so threatening, because as far as I know even tomatoes, watermelon and many other were modified and even do not know this. And thanks to this fruits and vegetables are lasting for longer. I also appreciate that tangerines do not have so many seeds after human's intervention.

Przed powrotem z wakacji w Szkocji, prosisz kolegę o pomoc w zakupie upominków dla rodziny i przyjaciół. Prosisz znajomego Szkota, aby wybrał się z Tobą na zakupy. Poniżej są 4 kwestie, które musisz omówić wraz z egzaminującym:

- Zdający: Good afternoon! I would like to ask for a little help. I do not know where and how to go for shopping. And I need few souvenirs from Scotland for my family and friends. Could you help me with this?
- Please could you advise where to go? I think the city center might be appropriate. Or do you think that the city mall is better?
 - How we should get there? I think the best way would be to go by tram or bus. But maybe you know the better way? Is it possible to go on foot?
 - I do not know what kind of local souvenirs I should bring from Scotland. Do you have some suggestions? I saw wooden shoes on the market – is it a good gift in your opinion?
 - I am also a bit concerned about prices. Do you think that we could choose not too much expensive place for shopping?

Zadanie 2 (3 minuty)

Egzaminujący:	Describe the picture. [Po upływie ok. 10 sekund, proszę – jeśli to konieczne – zapytać: Can you start now?]
Zdający: 1 min	
Egzaminujący:	Thank you. I will now ask you three questions.
	1. What do you think the woman in the picture is reading? (Why?) 2. How usually people in Poland spend their free time? 3. What was your last weekend like?
Zdający: 2 min	
Egzaminujący:	Thank you. Let's move on to Task 3
	[Jeżeli zdający rezygnuje z wykonania zadania: Thank you. This is the end of the exam.]

In the picture I can see a redhead woman. She is reading a book without a title on the cover. I can also see that she drinks a tea or coffee, because a cup is standing on the table.

- I am thinking that this woman is reading a crime book, because she seems to be obviously absorbed by the author. I also think that crime books are frequently written with so unexpected plot, that the reading can be involving for hours.

- People in Poland mostly spend free time on watching television. But I think it changed a lot for last years, because more and more people is going outside to do sport, and quite a lot of my friends is reading books.

- On the last weekend I was studying hard before my exams. But my free time is going on doing sport, watching movies and reading crime books.

W czasie wymiany z uczniami z Wielkiej Brytanii dyskutujecie o problemach współczesnej szkoły. Masz do wyboru trzy tematy. Wybierz i omów ten, który jest Twoim zdaniem najważniejszy. Wyjaśnij dlaczego odrzucasz pozostałe opcje.

Egzaminujący:	Read the task and think about what you'd like to say. You have about a minute to prepare.
Zdający: 1 min	
Egzaminujący:	Po upływie ok.minuty, proszę – jeśli to konieczne – zapytać: Can you start now?]
Zdający: 2 min	
Egzaminujący:	Thank you. I will now ask you two questions.
	1. What is a fair and friendly school like?
	2. What do you do to deal with stressful situations at school?

I think all of those things are important and problematic for polish school. But especially destructive and significant problem that should we talk about is smoking among young people. This habit is making a huge devastation in health that can be seen for many years. It affects health, cognitive thinking abilities and I think it is bad for relations. Nevertheless, a lot of students are smoking right now. Other things like aggression and cheating is also a serious matter, but not so consequential in my opinion.

- A fair and friendly school is composed of people with respectful attitude towards pupils and teachers. I think a good school takes care of healthy relations by taking care about the weight of responsibilities putted on students (for example too much home works is a bad thing).

- Only things that I can do to be more resilient for stress, in my opinion, is spending my free time adequately. For example I try to do a lot of sport and to eat well. Besides this, thanks to sleeping well I am doing well with stressful situations.
